

# Memo

To: Technical Consulting Firms  
From: The Spokane River Regional Toxics Task Force  
Date: November 1, 2012  
Re: Request for Qualifications and Proposals

---

The Spokane River Regional Toxics Task Force is soliciting statements of qualifications and proposals from qualified consultants that can assist the Task Force as an independent community technical advisor. The goal of the Task Force is to develop a comprehensive plan to bring the Spokane River into compliance with applicable water quality standards for PCBs and Dioxins. The efforts to develop the comprehensive plan and begin implementation of water quality improvement programs will be accomplished in several phases, and will take a number of years to accomplish.

Please review the enclosed Request for Qualifications and Proposal, to determine if your firm would be qualified and interested in providing services to the Task Force. To assist you in understanding the project, a copy of the First Draft Work Plan is attached for your review.

Submittals are due by 4:00 p.m. on November 27, 2012 at the Department of Ecology, Eastern Regional Office, 4601 North Monroe Street, Spokane Washington 99205
