

Technical Track Work Group

DRAFT AGENDA

Wednesday, May 1, 2013 | 1:00 pm – 3:00 pm

Department of Ecology

Review of Status on LimnoTech Tasks

- Task 1: Technical Consultant Draft Work Plan, Phases 2-4
 - Any follow-up comments or discussions from 4/24 meeting

- Task 2: Data Request Memorandum
 - Any follow-up comments or discussions from 4/24 meeting that might assist with making sure available data has been identified, who may have it, and how to get it to LimnoTech

- Task 3: Standard Operating Procedures
 - Any follow-up comments or discussions from 4/24 meeting that might assist with making sure all the currently used Standard Operating Procedures for sampling collection and analysis have been identified and how to get them to LimnoTech

- Task 8.1: Sample Collection Personnel
 - Initial discussion about who may be able to provide staff for sampling activities that will likely occur this fall recognizing that training to conduct the sample collection efforts will be required
 - Initial discussion about other local resources that might be available for training and sample collection

Conference Call

- 2:00 Call with Center for Environmental Research and Outreach (CEREO)
 - Researchers from WSU and University of Idaho. Discussion about what Task Force is looking for in Research requests. Learn what CEREO is focusing upon.

The workgroup(s) will start to look at the contacts for obtaining data and data categories. Assign individual or group to ensure that data is provided to Limno Tech in a timely fashion.

Conference call-in number is (800) 704-9804. Participant Code is 34863442#

*The conference call-in number will remain open until 15 minutes after the meeting begins. It will remain open as long as there are callers on the line. If you wish to join the meeting late, please notify Adriane Borgias (ABOR461@ecy.wa.gov) ahead of time.
