

SRRTTF Tech Track Work Group

DRAFT AGENDA

November 5, 2014 | 10:00am – 12:00pm

Department of Ecology | 4601 North Monroe Street | Spokane, WA 99205-1295

NOTE: *LimnoTech requested to attend by phone*

- Update from LT on number of data sets returned
- Gravity sampling report
- Data repository criteria with respect to data integrity, documentation, public access, archival requirements (original reports and case narratives, etc.)
 - *What characteristics are the group looking for in a database?*
 - *What goals do we want to accomplish, and what kind of data will we generate?*
 - *(EIM is pretty powerful, free, and you can self-upload docs to it. Doesn't have calculation methods in it—not necessarily a detriment.)*
 - *GOAL to recommend a data repository to TF; maybe have 1-3 people look at it in detail to find what's out there that meets these criteria.*
 - *Q's: short-term v. long-term, do we want a contractor to manage it?*
- January workshop planning
 - Confirm invitees: any other presenters? – *See attached table*
 - *What questions do we want to send them ahead of time*
 - Finalize date: 13th/14th OK?
 - Other planning
- SRF display: can we set a date/time for conf call & get 1-2 vol's to help fine-tune?

Anything needed in hard copy for the meeting needs to get to Adriane before c.o.b. on Tuesday
