**Subject:** Spokane County comments to the DRAFT comment letter re: Fin-Fish Hatching and Rearing General Permit

Hi Chris,

Spokane County has the following comment to the DRAFT comment letter re: Fin-Fish Hatching and Rearing General Permit:

Spokane County suggests deleting to comment (d) on page 5 under the heading "General Permit". This paragraph (d) makes reference to monitoring requirements for PCBs in 303(d) listed waters, and is essentially duplicative of the comment in paragraph (a) in the same section. Accordingly, we recommend deletion of the comment in paragraph (d).

Thank you,

**Rob Lindsay, LHg**
