

Spokane Regional Toxics Task Force Tech Track Work Group Meeting

DRAFT AGENDA: July 20, 2016 | 10:00am – 12:00pm
Department of Ecology | N. 4601 Monroe St. | Spokane, WA 99205

TTWG Meeting OBJECTIVES: *hear updates and discuss next steps for:*

- *Data gathering, monitoring*
- *Comprehensive plan*
- *July 27, 2016 Workshop*

DISCUSSION TOPICS:

- *Brief updates:*
 - EAP Update: Long-Term Monitoring at Spokane Tribal Boundary
 - Monthly Sampling (if any update)
 - Federal draft hatchery permit
- **PCB Control Action Workshop (*majority of meeting*):** goal to agree on names for Buckets into which SRRTTF will sort the Control Actions on 7/27. Also gain input on format, approach, materials. Suggested buckets:
 - Already Being Implemented (or Short-Term Implementation)—near term efficacy
 - Short term implementation—long term efficacy
 - Long term implementation—long term efficacy
 - Idea needs more work or more info

Draft WORKSHOP GOAL: For SRRTTF members and participants to use existing information to discuss and, ideally, reach consensus on a suite of PCB Control Actions including “actionable recommendations” in its Comprehensive Plan to bring the Spokane River into compliance with applicable PCB water quality standards.

Draft PURPOSE: This list of recommended PCB control actions will guide the SRRTTF and its member and partner entities in seeking funding, requesting policy changes, conducting outreach, collecting data, implementing programs, and other steps needed to reduce PCB loading to the Spokane River. NOTE: The Control Actions will NOT mandate any action by any individual entity.

Draft OBJECTIVES: Select “buckets” of PCB Control Actions, Identify actionable recommendations, and gain input on their key aspects. Discuss plan for lower-priority actions.

For reference & any relevant updates:

- Ongoing and proposed EAP Projects:
 - Little Spokane listing verification
 - LSR Hatchery case study (sampling/analysis of hatchery fish—includes Trout Lodge (Avista) fish sampling)
 - High volume sampling/long Tem Monitoring Station at Spokane Tribal Reservation boundary
 - Atmospheric deposition
 - Tech support for SRRTTF

Next full Task Force meeting/Comprehensive Plan Workshop is **July 27, 2016**, 8:30am-5:00 pm, at Spokane County Water Resources Center

Next scheduled TTWG meeting / SRRTTF meeting: July 20, 2016 from 10:00am-12:00 pm at Dept. of Ecology

Conference call-in number is (800) 704-9804. Participant Code is 34863442#

*The conference call-in number will remain open until 15 minutes after the meeting begins. It will remain open as long as there are callers on the line. If you wish to join the meeting late, please notify Kara Whitman (kmwhitman@wsu.edu) ahead of time.
