

Spokane River Regional Toxics Task Force Tech Track Work Group Meeting

DRAFT AGENDA: July 12, 2017 | 9:30am – 12:30pm

Department of Ecology | N. 4601 Monroe St. | Spokane, WA 99205

TTWG Meeting OBJECTIVES: *hear updates and discuss next steps for:*

- *Comprehensive Plan implementation*
 - *Data gathering and reporting, monitoring*
-

DISCUSSION TOPICS:

- Database contractor: any updates?
- EPA source reduction grant opportunity
- EAP study presentation timing: as sessions during Spokane River Forum? (If not, as separate session before?)
- Homolog mass balance
- Options and costs for future monitoring (with objectives that each option would satisfy)
- Rank Duwamish PCB topics in order of interest/priority for SRRTTF presentations
 - *Lower Duwamish Waterway Superfund Cleanup & Source Control Overview*
 - *Seattle stormwater system source tracing program evolution, components*
 - *CSO Control Plans (Seattle & King County) & Seattle's Integrated Plan*
 - *PCB Congener Sampling in Groundwater in the Lower Duwamish*
 - *Green-Duwamish Watershed Pollutant Loading Assessment project (aka building a model)*
 - *PCB Congener Assessment: Green-Duwamish Watershed multi-media (aka Dr. Rodenburg's PMF work)*
 - *Our Green-Duwamish regional stormwater strategy development*
 - *Stormwater Action Monitoring: Ongoing Effectiveness Studies of Relevance for PCBs (aka misc heads up re: studies of potential interest)*
 - *Finding and Fixing PCB Sources – Program Gaps and Opportunities (aka brainstorm shared needs)*

For reference & any relevant updates:

- Ongoing and proposed EAP Projects:
 - Long-Term Monitoring of PCBs in Lake Spokane Using Age-Dated Lake Sediment Cores
 - LSR Hatchery Case Study (*sampling/analysis of hatchery fish—includes Trout Lodge (Avista) fish sampling*)
 - High Volume Sampling/Long Tem Monitoring Station at Spokane Tribal Reservation Boundary
 - Atmospheric Deposition
 - Assessment of Methods for Sampling Low-Level Toxics in Surface Waters

Next full Task Force meeting July 26, 2017, 9:00am-12:30 pm, at Spokane County Water Resources Center

Next scheduled TTWG meeting: July 5 (?), 2017 from 10:00am-12:00 pm at Dept. of Ecology

Conference call-in number is (509) 335-2277. Participant Code is 2740350

**The conference call-in number will remain open until 15 minutes after the meeting begins. It will remain open as long as there are callers on the line. If you wish to join the meeting late, please notify Kara Whitman (kmwhitman@wsu.edu) ahead of time.*
