

SRRTTF Fish Working Group Meeting  
WDFW Regional Headquarters  
2315 N Discovery Place, Spokane Valley WA, 99212  
8/26/19

## **Meeting Agenda**

3:00- 5:00 PM – Continue Discussions for developing a yardstick to measure progress of Comprehensive Plan Implementation – Specifically sampling fish tissue.

Outcomes –

1. Is the yardstick needed – determine all member opinions on the need for a yardstick and then move forward with developing a strategy to implement if there is agreement.
2. Based on Outcome 1 - What, How, when and where will fish be sampled – including developing a framework for a fish sampling plan.
