September 2021 Update

- **Highlights:**

- Currently working on revisions to the Biofilm, Fish, and SPMD PMF Analysis Report. Integrating 2nd and 3rd round of SPMD results into the analysis
- Last meeting discussed Holistic Analysis. Dr. Rodenburg is working on first draft of the report

- **Next meeting**

- Date to be determined based on completion of draft reports by Dr. Rodenburg.
- Presentation and review of draft reports

- **Upcoming TF recommendations**

- Review and acceptance of both reports before 12/31/21

September 2021 Update

- **Highlights:**

- Environmental Justice Presentation from Ecology given last meeting
- Thank you to Millie and Karl for the background on EJ

- **Next meeting**

- October 5th 11 am
- Focusing on committee recruitment and defining scope.

- **Other**

- Email Chelsea if you would like to join the committee

September 2021 Update

- **Highlights:**
 - No new information; WG efforts are paused for the time being
 - To my knowledge; execution of the Revised MOA is pending execution from the City of Spokane, Spokane County and WA State Department of Health
- **Next meeting**
 - TBD
- **Upcoming TF recommendations for action**
 - None at this time

September 2021 Update

- **Highlights:**

- Last meeting on August 30 – notes are posted
- Discussed all technical projects considered by the TTWG (those approved in Biennial Work Plan and those on hold). Will continue to keep placeholders and assess projects on hold as new data come in.
- Discussed status of field work conducted in August and September, and preliminary findings regarding PCB-11 mass balance assessment (the latter will be covered later today).

- **Next meeting**

- Early to Mid-October
- Project updates and results from current projects and analysis, explore Comprehensive Plan project recommendations and discuss readiness for implementation

- **Upcoming TF recommendations for action**

- n/a

- **Other**

- September field activities update
