

**Spokane River Regional Toxics Task Force**  
**Potential Future Meeting Topics – 2023**  
*(in addition to regularly scheduled items)*

**March 22**

- Inadvertently Generated PCBs in Consumer Products Presentation – EPA
- SRRTTF Transition update
- Project scope recommendations from Tech Track Work Group
- Report on work done for petitioning EPA on PCBs allowable under TSCA?

**April 26** – No meeting planned (SCWRC not available that day) – also conflicts with Spokane River Forum Conference

**May 24**

- SRRTTF Transition update
- EPA PCB TMDL update
- Tech Track work products presentations
- Report on work done for petitioning EPA on PCBs allowable under TSCA?

**June 28**

- Final approval of all deliverables due by June 30
